

Miriam, your house 7 is under renovation

Your Scorpio house through April 2027: committed relationships and agreements. Mercury and Venus in autumn 2026, then Mars in spring 2027: your building schedule connects the dates to your birth chart.

Born 09.04.1988, 07:45, Hamburg.

Your rising sign: Taurus (23°31' Taurus). In whole-sign houses, the rising sign is house 1. That places Scorpio in your house 7.

The seventh house belongs to the person opposite you: a partner, spouse, close business collaborator or open rival. Scorpio here brings loyalty and depth, with a side order of suspicion when trust gets shaky. Autumn's retrogrades give unfinished relationship questions a second hearing. Read the agreement again; say what you need. A read receipt is a poor substitute for a conversation.

Who lives in this house

Your Scorpio house contains: Pluto 11°47' Scorpio R. These planets are the residents of your building site. Mercury, Venus and the New Moon pass through their sign in autumn.

Your building crew: Mars & Pluto

Scorpio's traditional ruler, Mars, is in Aquarius, house 10 (Career & reputation). Its modern ruler, Pluto, is in Scorpio, house 7 (Partnerships). Your renovation connects with career, reputation and responsibility and committed relationships and agreements.

Your building schedule

House 7: your work plan

3 things to do	3 things to avoid
• Say openly what you want from a relationship • Put business agreements in writing and read them carefully • Before replying to someone from the past, write down what you hope for	• Let the strongest wave of emotion settle before making a relationship decision • Avoid testing whether the other person will text first • Take time before signing an important agreement

A question for you

What have I silently accepted in relationships until now?

Where your birth chart gets involved

Mercury crosses Pluto (11°47' Scorpio) in its loop between 5°02' and 20°58' Scorpio: forwards until 24 October, backwards until 13 November, forwards again until about 30 November. Give conversations and decisions on this theme another look.

The second building site: Mars from January

Mars is retrograde from 10 January to 1 April 2027: first in Virgo, your house 5 (Love & creativity), then from 21 February in Leo, your house 4 (Home & family). Review which jobs from your house 7 still need adjusting.
